QUESTIONS	ANSWERS
facility Level of Care (NF LOC)?	or if they need help with completing at least three daily care tasks because of a medical condition.
I received notice of a Denial outcome on my nursing facility Level of Care (NF LOC) assessment. What happens now?	Nursing facility Level of Care (NF LOCs) that receive a potential denial outcome by a Maximus clinical reviewer are then reviewed by a Maximus physician. If the Maximus physician agrees with the denial, it is then reviewed by the Indiana Family and Social Services Administration (FSSA), who makes the final determination. When this occurs, you receive notice of the Denial outcome along with your appeal rights. A Maximus team member will contact you to discuss other services that may meet your needs. You also have the right to appeal the decision if you disagree with it.
I received notice of a Short-Term Approval on my nursing facility Level of Care (NF LOC) assessment. What happens now?	With a Short-Term Approval on your nursing facility Level of Care (NF LOC) assessment, you qualify for nursing facility services and, if you are age 55 or older and live in a PACE service area, for PACE. A Maximus team member will speak with you about these options in more detail if you receive this outcome. If you are admitted to a nursing facility and you need more time in the nursing facility than was initially approved, your treatment team at the nursing facility will request a new NF LOC assessment from Maximus before the approval period runs out.
I received notice of a Long-Term Approval on my nursing facility Level of Care (NF LOC) assessment. What happens now?	With a Long-Term Approval on your nursing facility Level of Care (NF LOC) assessment, you qualify for nursing facility services, Home- and Community-Based Services (HCBS) Waiver Services, and, if you are age 55 or older and live in a PACE service area, for PACE. If you are age 60 or older, a Maximus team member will speak with you about these options and other community living options through a process called intake counseling. If you are under age 60, your local AAA will provide your intake counseling.
