

Indiana Level of Care Assessment Representative (LCAR)

Attention Nursing Facilities: Individuals With a 450B Only Must Have New Level of Care Performed by March 15

Approximately 500 current nursing facility residents across the state have a 450B but no Level of Care (LOC) on file. Previously, these long-term residents have been previously grandfathered in with only the 450B documentation in place.

Moving forward, all NFs must submit a new LOC for any individuals in their facility that this criteria by no later than March 15, 2026. Failure to submit by that date may result in the state halting payment for those individuals.

We appreciate your team's support in resolving this issue.
